(Verse 1)

Priya, Priya, why did you have to leave?

I never thought I'd see the day you'd grieve

I remember the day we met, I was so in awe

Your beauty, your grace, your smile, it was all so raw

(Chorus)

Priya, Priya, I miss you so

I don't know what to do, I'm lost and alone

I can't imagine my life without you by my side

I'm so incomplete, I'm dying inside

(Verse 2)

We were meant to be together, I know it's true

But fate had other plans, it's not fair, it's blue

I'll never forget you, Priya, that's a promise I make

I'll always love you, even if we're worlds apart, I'll always break

(Chorus)

Priya, Priya, I miss you so

I don't know what to do, I'm lost and alone

I can't imagine my life without you by my side

I'm so incomplete, I'm dying inside

(Bridge)

I know I should move on, but I can't seem to let go

My heart is still yours, Priya, I know it's showing

I'm so sorry, I never meant to hurt you

I just want you to be happy, even if it's not with me, it's true

(Chorus)

Priya, Priya, I miss you so

I don't know what to do, I'm lost and alone

I can't imagine my life without you by my side

I'm so incomplete, I'm dying inside
